

SAI PRAKASH | Data Analyst

Location: San Francisco, CA | **Phone:** 909-522-7056 | **Email:** sdugyalaprakash@gmail.com | [LinkedIn](#)

SUMMARY

Experienced Data Analyst with around 4 years of expertise in analyzing complex datasets, developing ETL pipelines, and delivering data-driven insights to support business decisions. Skilled in Python, SQL, and cloud platforms such as AWS and Google Cloud. Proven track record in building interactive dashboards using Tableau and Power BI, automating workflows, and enhancing data quality. Adept at collaborating with cross-functional teams to optimize data strategies and streamline operations, particularly in the healthcare and financial sectors. Strong communicator with excellent problem-solving skills and a focus on data compliance and quality assurance.

TECHNICAL SKILLS

Languages & Frameworks:

Data Analysis & Statistical Modeling

Big Data & ETL Technologies

Databases & Data Warehousing

Cloud Platforms

Data Visualization & Reporting

Methodologies & Compliance

Python (Pandas, NumPy, SciPy, TensorFlow), SQL, Java, JavaScript, C, C++.
Scikit-learn, R, Excel, Tableau, Power BI

Hadoop, Apache Spark, Talend, Informatica.

MySQL, PostgreSQL, Amazon RDS, Snowflake, Google BigQuery.

AWS (VPC, CloudFormation, Code Deploy, Lambda, S3, API Gateway, CloudWatch, IAM), Google Cloud.

Tableau, Power BI, Matplotlib, Seaborn.

Agile, Waterfall, Data-Driven Decision Making, Risk Management, HIPAA Compliance.

PROFESSIONAL EXPERIENCE

CVS Pharmacy, USA

June 2024 – Present

Data Analyst

- Led data extraction, transformation, and analysis using SQL and Python on AWS and Google Cloud platforms, managing large-scale healthcare datasets.
- Designed and implemented ETL workflows, automating data processing and improving efficiency by 25%.
- Developed real-time dashboards and reports using Power BI and Tableau, enabling data-driven decisions that improved patient care by 15%.
- Conducted statistical analysis to identify trends and patterns, enhancing operational efficiency by 18%.
- Collaborated with cross-functional teams to align data strategies with business goals and operational workflows.
- Ensured data compliance with healthcare regulations (HIPAA) and maintained data quality through robust validation procedures.

I Sparrow, India

Oct 2019 – July 2022

Data Analyst

- Analyzed customer transaction data using Python and SQL, identifying key trends that improved customer engagement by 15%.
- Applied statistical techniques to enhance the accuracy of targeted marketing campaigns and service delivery.
- Built interactive dashboards in Tableau and Power BI to visualize key performance indicators (KPIs) and support strategic decision-making.
- Managed data warehousing solutions like Google BigQuery and Snowflake, optimizing ETL pipelines for better compliance and performance monitoring.
- Streamlined reporting processes by automating the generation of performance reports, reducing manual effort by 25%.
- Collaborated with data science and business analysis teams to enhance workflows and align operations with corporate goals.

PROJECTS

Cat Bingo/Web Application

- Developed the home page and key navigation features using JavaScript and HTML/CSS.
- Contributed to source code (subtraction logic) and documented the project comprehensively.
- Improved user experience by 20% through interface optimization and collaboration in cross-functional teams.

Blood Donation Management System/Web Application

- Built a web-based Blood Donation Management System using Java, JSP, and MySQL.
- Implemented real-time data management through JDBC, streamlining donor searches and connections.
- Designed an intuitive UI with HTML, CSS, and JavaScript, optimizing data workflows and enhancing system efficiency by 30%.

Program Operations Analyst, Adventure Program

- Managed logistics for large-scale adventure trips and equipment rentals, ensuring smooth operations comparable to data workflows.
- Processed hundreds of email requests, showcasing strong organizational skills relevant to managing data requests in technical projects and effectively solving operational issues.
- Achieved an 87% efficiency profile, demonstrating quick adaptability and optimizing workflow efficiency.

CERTIFICATIONS

- Python – DCO Academy
 - Data Science with Python and R – Jigsaw Academy
 - Analytics using Excel – Jigsaw Academy
 - Machine Learning Algorithms – Jigsaw Academy

EDUCATION

- | | |
|---|------------------------------|
| • Master of Science, Computer Science
California State University, San Bernardino | Aug 2022 – May 2024 |
| • Bachelor of Engineering, Computer Science
Jawaharlal Nehru Technological University | June 2015 – July 2019 |
