EXPERIENCE

BUSINESS ANALYST • DECEMBER 2023 – JANUARY 2024

EmpiRX Health • Remote

- Provide insight and recommendations into technology optimization/consolidation for cost-savings and improved outcomes.
- Data analysis for SQL Server migration to Databricks platform to modernize infrastructure.

BUSINESS ANALYST • AUGUST 2022 – NOVEMBER 2023

UPS Capital • Remote

- SQL Server data analysis to validate data integrity. Over \$300,000 in revenue secured through IT audit.
- Partner with F&A team to analyze financial data to determine if performance meets quarterly and yearly goals and develop financial forecasting.
- Introduce technology integration solutions to external customer in order to make data connection between systems appropriately.
- Manage technology solutions/introduce new features by gathering requirements (determine from stakeholders), UAT, move to production, user feedback, and bug reporting.

DATA ANALYST • DECEMBER 2021 – AUGUST 2022

UPS Capital • Remote

- PowerBI development and data consolidation. Analyze and present data using Excel (xlookup, vlookup, ETL, PivotTable).
- Calculate and audit financial payouts including reimbursements and technology grants to external partners.

STRATEGY INTERN • JUNE 2021 – SEPTEMBER 2021

UPS Capital • Remote

- Carry out data analytics for corporate development including quantifying current operations to determine key areas of opportunity.
