

OBJECTIVE

Analytical and detail-oriented Data Analyst with a Bachelor's degree in Biology and foundational training in data analytics tools including Excel, SQL, Power BI, and Python. Experienced in transforming raw data into actionable insights through structured analysis, visualization, and storytelling. Passionate about solving problems, improving processes, and continuously building real-world projects to strengthen technical and analytical expertise.

PROFESSIONAL EXPERIENCE

Amazon Fulfillment Center – Davenport, IA

Inventory Control & Quality Assurance Associate (ICQA) / Process Guide (November 2024 – Present)

- Inventory Control & Systems Responsibilities
 - Conduct daily cycle counts and systematic bin audits to ensure high inventory accuracy across multiple departments within a high-volume distribution center.
 - Investigate and reconcile inventory discrepancies by analyzing transaction history, part movements, and RF activity within the Warehouse Management System.
 - Review and audit inventory adjustments, ensuring compliance with established accuracy thresholds prior to system finalization.
 - Identify root causes of recurring discrepancies and implement corrective actions that improved bin accuracy and reduced rework.
 - Create and assign exception resolution tasks to appropriate departments to address mixed bins and inventory inconsistencies.
- Process Improvement & Leadership Initiatives
 - Initiated and led recurring inventory discrepancy review meetings with cross functional team members to analyze daily errors and identify systemic causes.
 - Partnered with operations leadership to establish a cross training program for experienced and newly hired associates, improving knowledge transfer and reducing recurring inventory errors.
 - Provided hands-on training and coaching to 50+ associates in audit compliance and best practices, strengthening overall accountability and process adherence.
 - Occasionally covered leadership responsibilities for Process Assistants, coordinating workflow and ensuring operational targets were achieved.

Saint Augustin High School Congo DRC

Biology And Chemistry Teacher. (July 2015-2018)

EDUCATION

Bachelor's Degree in Biology

ISP Lubumbashi, DR Congo: July 2015 (WES evaluated U.S. Bachelor's Degree equivalent)

Bootcamp Data Analytic : Amazon Data analytics cohort 19 certification (pursuing now)

CERTIFICATIONS

- Microsoft Professional Certificate: Data Analysis & Visualization with Power BI
- Google Data Analytics Professional Certificate
- Lean & Six Sigma Yellow Belt

TECHNICAL SKILLS

Systems & Tools: Warehouse Management Systems (WMS), RF Scanners, Microsoft Office Suite, Advanced Excel (pivot tables, formulas), Power BI, Tableau, SQL

Inventory & Operations: Cycle Counting, Inventory Auditing, Discrepancy Reconciliation, Root Cause Analysis, Exception Management, Queue Monitoring, Process Documentation, Cross-Training Coordination

Core Competencies: High Attention to Detail, Analytical Problem Solving, Cross-Functional Collaboration, Audit & Compliance, Continuous Improvement, Adaptability to Variable Shifts
