chitmalwaranirudhjayant@gmail.com | (903) 651-6476 | Wichita, KS

WORK EXPERIENCE

National Institute of Aviation Research

Feb. 2025 – Present

Research Assistant

Wichita, KS

- Utilized CATIA and 3DX to support 3D design, prototyping, and manufacturing workflows in NIAR's advanced CAD/CAM Lab.

WSU Innovation Campus Marketing & Communications

Nov. 2024 – Jan. 2025

AI Software Developer

Wichita, KS

- Designed and implemented AI solutions using Lang Flow; developed WSU Shocker and Wichita Assistants, serving 1,000+ students 24/7 with HTML, CSS, JavaScript, Git, and OpenAI platform.

Cognizant Technology Solutions

Mar. 2021 – Jul. 2024

Software Engineer | Mar, 2022 – Jul, 2024

Hyderabad, INDIA

- Performance Optimization:** Improved microservice API performance by optimizing multi-table SQL scripts to reduce bulk financial data load times from 20 seconds to 3 seconds.
- API & Backend Optimization:** Enhanced an existing translation service by implementing a serverless solution that leveraged Redis-stored custom translations with fallback to Google Translate APIs.
- Cloud Scalability & Optimization:** Revamped financial period functionality by migrating data from EC2 to Lambda and designing Step Functions orchestration for a more efficient workflow.
- SQL Development:** Identified and resolved a critical data accuracy issue in the OneSource statutory reporting application by redesigning and optimizing SQL queries to ensure correct current-year financial data retrieval.
- Frontend Troubleshooting:** Angular expertise leveraged by other teams to rapidly identify and resolve complex UI bugs and issues.
- Agile Development:** Practiced Agile software development with daily standups, sprint reviews, and JIRA-based tracking.
- CI/CD and System Monitoring:** Monitored application health and deployment pipelines using Jenkins and Datadog to identify build issues and runtime anomalies.

Jr Software Analyst | Mar, 2021 – Mar, 2022

- Owned and delivered the Tax Roll Forward feature as a junior developer by quickly learning and applying AWS Step Functions, NHibernate, .NET Core, and PostgreSQL, ensuring on-time delivery.

EDUCATION

Wichita State University

May. 2026, *Wichita, KS*

Master's in Computer Science

GPA: 3.96/4.0

JB Institute of Engineering and Technology

Sept. 2020, *Hyderabad, INDIA*

Bachelor's in Information Technology

First Division

SKILLS

Technologies:

Web & Frontend: HTML5, CSS3, Bootstrap, JavaScript, AngularJS, React, ReactJS, React Native, TypeScript

Languages & Frameworks: C#, Python, Java, Golang, Ruby; ADO.NET, Entity Framework, ASP.NET/Core, Web API, NHibernate, Spring, Django, Flask, Ruby on Rails, Sinatra, Spark

Databases & Cloud: MySQL, SQL Server, PostgreSQL, AWS, Azure, GCP

DevOps & Workflow: Kubernetes, Airflow, Temporal, Apache Spark, Git/GitHub, CI/CD, Agile, Test-driven Development.

- Skills:** Cloud Architecture, Project Management, Software Development Lifecycle, Agile Delivery
