

Prashanthi Ponakalla

Data Analyst

Location: Arbutus, MD | **Phone:** +1 (443) 338-6559 | **Email:** prashanthi.ponakalla11@gmail.com | [LinkedIn](#)

Professional Summary:

Results-driven Data Analyst with **4+ years** of experience in leveraging data-driven insights to enhance business performance and strategic decision-making. Proficient in Python, R, SQL, and JavaScript, with a strong background in data cleaning, mining, and modeling. Adept at using Tableau, Power BI, and Excel for data visualization, and skilled in applying statistical tools and machine learning algorithms for predictive analysis. Proven ability to improve operational efficiency and customer satisfaction through insightful data analysis, automated processes, and effective data governance. Known for translating complex data into actionable recommendations and collaborating with cross-functional teams to deliver tailored solutions that drive business success.

Professional Skills:

Programming Languages: Python, R, SQL, JavaScript, C++

Data Analysis: Data Cleaning, Data Mining, Data Wrangling, Data Profiling, Statistical Analysis, Data Modeling, Data Interpretation

Visualization Tools & IDEs: Tableau, Power BI, Microsoft Excel, Visual Studio Code, PyCharm

Packages: NumPy, Pandas, Matplotlib, SciPy

Database: MySQL, SQL Server, Oracle Database

Cloud Platforms & ETL: AWS (Redshift, EC2, S3), Azure (Synapse Analytics, Data Factory, Database Migration Service)

Methodologies: SDLC, Agile, Waterfall

Data Visualization: Looker, D3.js, ggplot2, Qlik Sense

Business Intelligence: BI Reporting, KPI Development, Dashboard Creation, Data Storytelling, Business Process Modeling, OLAP (Online Analytical Processing), Financial Analysis

Other Skills: Critical Thinking, Communication Skills, Presentation Skills, Problem-Solving, SAS tools, Analytical Thinking, Attention to Detail, Time Management, Team Collaboration

Experience:

CVS Health

Role: Data Analyst

Jan 2024 – Present

- Analyzed and interpreted data sets, identifying trends and patterns to drive strategic business decisions, resulting in a 15% increase in operational efficiency.
- Developed and maintained data models, reports, and dashboards using SQL, Python, and Tableau, enhancing data visualization and reporting capabilities.
- Collaborated with cross-functional teams to define data requirements and deliver actionable insights, improving customer satisfaction scores by 20%.
- Conducted data quality assessments and implemented data cleansing processes, reducing data errors by 30% and improving data reliability.
- Utilized statistical techniques and machine learning algorithms to forecast sales and optimize inventory levels, achieving a 10% reduction in stockouts.
- Automated data extraction and transformation processes using ETL tools, saving 25 hours per month in manual data handling tasks.
- Provided ad-hoc analysis and data-driven recommendations to senior management, supporting decision making on product launches and marketing campaigns.
- Monitored key performance indicators (KPIs) and generated monthly performance reports, facilitating a 12% improvement in team productivity.

- Led data governance initiatives to ensure data privacy and compliance with industry regulations, reducing the risk of data breaches.
- Trained and mentored junior analysts in data analysis techniques and tools, contributing to a 15% increase in team skill proficiency.
- Conducted market research and competitive analysis, identifying opportunities for growth and improving market share by 5%.
- Integrated external data sources with internal databases, enhancing the scope of data analysis and providing a comprehensive view of business performance.

VMware

Role: Data Analyst

Mar 2023 – Dec 2023

- **Data Analysis and Insights:** Analyzed large datasets to identify key insights and trends, contributing to a 10% improvement in project outcomes.
- **Dashboard and Reporting Development:** Developed and maintained interactive dashboards and reports using Tableau and Power BI, enhancing data accessibility for stakeholders.
- **Data Audits and Validation:** Conducted comprehensive data audits and validation processes, ensuring data accuracy and consistency across multiple systems.
- **Data Pipeline Design:** Collaborated with software engineering teams to design and implement data pipelines, streamlining data integration and processing.
- **Statistical Analysis and Predictive Modeling:** Performed statistical analyses and predictive modeling to forecast customer behavior, supporting a 15% increase in customer retention rates.
- **Automation of Data Tasks:** Automated data extraction and transformation tasks using SQL and Python, reducing manual workload by 30 hours per month.
- **Actionable Insights for Marketing:** Provided actionable insights through data analysis to support marketing strategies, resulting in a 20% boost in campaign effectiveness.
- **KPI Monitoring and Reporting:** Monitored and reported on key performance indicators (KPIs), aiding in the optimization of business processes and resource allocation.

MoneyGram International | India

Role: Data Analyst

Jun 2019 – Dec 2021

- Analyzed large datasets to identify trends, anomalies, and actionable insights, resulting in a 15% increase in operational efficiency.
- Developed and maintained comprehensive dashboards and reports to track key performance indicators (KPIs), facilitating data-driven decision-making.
- Utilized SQL and Python to extract, clean, and manipulate data from multiple sources, improving data accuracy and reliability.
- Conducted exploratory data analysis (EDA) to uncover underlying patterns and relationships, providing strategic recommendations to management.
- Implemented data visualization techniques using tools such as Tableau and Power BI, enhancing data presentation and stakeholder engagement.
- Monitored and optimized data processing workflows, reducing data processing time by 20% and ensuring timely delivery of insights.

Education:

- **Masters of Data Science |** University of Maryland Baltimore County
- **Bachelor in Computer Science |** Osmania University
