SUMMARY

Experienced Business Analyst with 5+ years of expertise in data analysis, process optimization, and cross-functional team leadership, consistently delivering actionable insights that drive business growth, streamline operations, and exceed performance goals.

EXPERIENCE

Consultant [Clients: TMobile, Dish] | Infosys Limited | Denver, CO, USA

May 22- Dec 24

- Engineered use cases for retail wireless features and APIs, resolving backend failures by translating complex requirements into JIRA stories while optimizing UAT—boosting efficiency, reducing defects, ensuring seamless iPhone 16 services launch.
- Identified and mitigated 20+ data security, compliance, and scalability risks, cutting project exposure by 30% and fortifying system resilience for seamless execution.
- Transformed manual reporting into data-driven decision-making by creating real-time dashboards in PowerBI and ServiceNow, driving 35% operational efficiency through key KPIs (SLA breaches, MTTR, escalation rate).
- Eliminated escalating customer defects by leveraging Dynatrace AI for predictive analytics, cutting escalations by 95% and transforming system resilience and operational efficiency.
- Designed KPI to track eCommerce transaction success, uncovering system failures in real time and accelerating defect identification by 25%, driving faster resolutions and stronger operational stability.
- Led meetings with 6+ cross-functional teams to resolve customer eComm purchase failures and service continuity issues, driving backlog grooming, milestone tracking to elevate system reliability, and boost customer satisfaction by 12%.
- Optimized resource allocation and automated manual ops, reducing operational costs by 18% while accelerating project delivery timelines and maintaining top-tier system performance.

Product Manager | ISmile Technologies | Boston, MA, USA

Sep 20- Mar 21

- Spearheaded 7+ projects, ensuring seamless strategic alignment with clients, optimizing project parameters, and implementing Kaizen principles—driving operational excellence, maximizing efficiency, and delivering sustained results.
- Developed PowerBI dashboard integrating CRM, transaction data, and data pipeline via AWS services (Redshift, Glue, Lambda)—enabling CIO to make data-driven decisions, optimize strategy, and improve key business KPIs by 25%.
- Drove meetings with cross-functional teams to tackle sales stagnation, analyzing market trends and customer data to craft targeted go-to-market strategies—boosting sales by 32% through refined positioning, customer insights, and optimized resource allocation.
- Transformed raw customer feedback into strategic insights through surveys, NPS, and interviews—resolving critical pain points with leadership, driving 25% boost in retention and 15% in satisfaction.

Manager | MatchBox India Pvt. Ltd. | Indore, MP, India

Jul 18- Aug 19

- Directed vendor management initiatives, negotiating contracts, optimizing vendor relationships, and identifying cost-cutting opportunities—achieving 15% reduction in procurement costs.
- Utilized CRM tools to streamline client interactions, implementing RTM strategies that improved satisfaction by 17%, focusing on personalized support, issue resolution, and continuous engagement.
- Orchestrated roadmaps for 9+ strategic projects with key industry players (Jaguar Motors, John Deere, TCS), optimizing resource allocation, timelines, and operational alignment to exceed performance goals.
- Identified and mitigated key project risks related to delays, resource allocation, and compliance—developed risk register and strategies, reducing overall risk by 27%, ensuring timely project delivery.

CORE COMPETENCIES

PM Software	JIRA, MS Project, Confluence, Primavera
Programming	R, Python, SQL, SSMS, Oracle
BI Tools	Tableau, PowerBI, Excel, Dynatrace, Splunk, Hadoop, ServiceNow
Miscellaneous	Postman API, CRM, ERP SAP, Salesforce, HubSpot
Soft Skills	Leadership, Strong work ethics, Sharp Communication, Time management

EDUCATION

Northeastern University, PMI GAC Accredited

Sep 19- Dec 21

Master of Science in Project Management with conc. in Data Science

Rajiv Gandhi Proudhyogiki Vishwavidyalaya

Aug 14- Dec 18

Bachelor of Automobile Engineering
