- **Data Mining** with **R Language**.
- **Data Visualization** using **Excel**, **Power BI**, and **Tableau**.

EXPERIENCE

Excel desde Cero, *Distrito Nacional, DR* – Data Analyst & BI Facilitator

April 2014 - PRESENT

- Thank God I was able to develop hospital health analytics training. I have trained healthcare personnel by aligning medical data with institutional objectives, using BI tools (Excel, Power BI, and R), and working with historical medical data identifying trends and patterns.
- Develop dynamic dashboards and reports that automatically display insights from tasks and processes that relate to operational and financial performance in the hospital center and covering everything related to the patient.
- Used Power BI, SQL Server, and Excel to analyze and create insights for more than 500 banking area's staff in the last five years, reaching and maintaining more than 98% satisfaction.
- Researched, developed market and brand studies focused on business goals and continuous improvement, and established commercial relationships with the main banks and food marketing and manufacturing companies.
- Improved the growth of gross profit to 2023 in a 300% applying the online and virtual mode teaching scheme, contributing to an EOY revenue increase from RD\$750K (US\$13.1K) in 2021 to RD\$3M (54.9K) in 2022.

King's Christian School, *Distrito Nacional, DR* – Computer Teacher & Survey Adm.

August 2005 – June 2023

- Used Excel and Openefine ETL (an Open-Source Tool) to develop and optimize the admissions students process, improving the school families time response and satisfaction of them.
- Collaborated with data-driven decision-making, researching patterns and trends about parents, students, internal services, and external services of the school through surveys using Excel and Google Forms. This improved the students' services (coffee shop), some teachers' strategies, and each area that needed it was.

-
- Developed materials, tutorials, videos, syllabus, homework assignments, handouts, evaluate, and grade students' class work, Computer lab work, assignments, and papers. Taught hands-on computer (Elementary) and elective (High-School) classes, applying topics and updated technologies.

EDUCATION

UOC Open University of Catalonia (online) – *Master's degree in Data Science*

February 2022 - September 2025 (Currently)

Universidad Autónoma de Santo Domingo – *Bachelor's degree in Computer Science*

June 2014 - December 2021

CERTIFICATION

Google Data Analytics Professional Certificate (Finish: April 2024)

Coursera Google – Date: January 2024 - April 2024

Verify: <https://www.coursera.org/account/accomplishments/verify/776DVG8Y3GVA>

ChatGPT for Data Analytics

Maven Analytics, LLC – Date: February 05, 2024
