SUMMARY

Highly motivated recent business management graduate with honors and professional certification in data analytics from Google. I have a comprehensive understanding of business and am skilled in data analysis, including data cleaning, SQL, R, Python, Tableau, and spreadsheet software. Additionally, I am well-versed in Artificial Intelligence and its practical applications in professional settings. I excel in mathematics, writing, and attention to detail with a successful track record of completing projects in a timely manner. I am an effective communicator and eager to leverage my knowledge and skills in a real-world setting.
