RESEARCH EXPERIENCE

Graduate Researcher – Comparative Psychology
University of Portsmouth, UK
Sep 2023 – Sep 2025

- Designed and led a cross-species study comparing humans and chimpanzees to assess cultural and emotional intelligence overlap.
- Recruited participants, developed coding protocols, and analyzed quantitative and qualitative data in SPSS.
- Translated complex behavioral findings into accessible insights, demonstrating the ability to distill technical research into practical narratives.
- First author of a 14,000-word manuscript (under journal submission)
- Mentored undergraduate students in research methods and academic writing, focusing on clarity and accessibility.

PROFESSIONAL EXPERIENCE

Freelance Writer and Editor
Upwork
Jan 2023 – May 2023

- Assessed functionality, navigation, and content usability across interfaces.
- Advised on inclusive design considerations, ensuring that features were accessible to users with varying abilities and communication needs.

Conservation Team Leader
Kupu, Maui, HI
May 2022 – Aug 2022

- Supervised teams on multi-day field expeditions across remote habitats
- Collected environmental data, monitored conditions, and ensured safety and regulatory compliance
- Coordinated logistics, supplies, and reporting for conservation projects
- Developed documentation and reports for partner organizations

Wildlife Conservation Volunteer
Knights for Wildlife Conservation, UCF
Sep 2019 – May 2021

- Produced reports and presentations, translating fieldwork data into accessible updates for diverse stakeholders.
- Collaborated with multidisciplinary teams across cultural contexts; practiced clear, adaptive communication.
- Created engaging educational content to explain conservation practices to local communities and visiting volunteers.

Veterinary Shadowing Student
Peninsula Pet Hospital, Menlo Park, CA
Jul 2021 – Aug 2021

- Observed and assisted veterinarians in diagnosing and treating companion animals
- Gained hands-on experience in animal restraint, examination, and minor surgical procedures
- Maintained a sterile environment and prepared medical instruments
