(605) 585-3905 ◇ pabbisettiyogesh@gmail.com ◇ Tampa, Florida, United States

SUMMARY

Aspiring Java Developer with a strong foundation in object-oriented programming, algorithms, and problem-solving. Eager to apply academic knowledge and personal projects to contribute to software development. Enthusiastic about learning and growing in a professional development environment.

PROFESSIONAL EXPERIENCE

Java Developer Intern

Virtusa - [Bangalore, India]

January, 2022 - July, 2023

- Contributed to the development of Java-based applications and participated in the full software development lifecycle.
- Assisted in designing and implementing RESTful APIs for internal applications, improving data interaction between the front end and backend.
- Worked with the Spring Boot framework to develop and maintain microservices for client-facing applications.
- Collaborated with the QA team to write and execute unit tests using JUnit, ensuring high-quality, bug-free code.
- Participated in code reviews, improving personal coding practices and understanding of best practices.
- Enhanced database performance and queries with MySQL to ensure efficient data storage and retrieval.
- Collaborated with cross-functional teams to gather requirements and provide technical solutions.

EDUCATION

Masters in Computer Science and Engineering,

Saint Leo University

August 2023 - May 2025

United States

Bachelors in Computer Science and Engineering,

Veltech University

August 2019 – July 2023

India

PROJECTS

1. Java Calculator Application

Tools Used: Java, Eclipse, JUnit

- Developed a simple console-based calculator that performs basic arithmetic operations.
- Implemented input validation and exception handling to ensure robustness.
- Wrote unit tests for different operations using JUnit.

2. Online Bookstore (Spring Boot)

Tools Used: Spring Boot, MySQL, Thymeleaf

- Created a web-based online bookstore using Spring Boot framework, which allows users to view, search, and purchase books.
- Integrated MySQL database for managing book inventory and user information.
- Designed the front-end with Thymeleaf templates and HTML/CSS.

3. Personal Portfolio Website

Tools Used: HTML, CSS, JavaScript, GitHub Pages

- Developed a personal website to showcase skills, projects, and accomplishments.
- Created a responsive layout to ensure compatibility across devices.
- Deployed the website using GitHub Pages.

TECHNICAL SKILLS

- Programming Languages:** Java (Core, OOP), HTML, CSS, JavaScript
- Frameworks/Libraries:** Spring Boot, Hibernate
- Tools:** Eclipse, IntelliJ IDEA, Git, Maven, Gradle
- Databases:** MySQL, PostgreSQL
- Version Control:** Git, GitHub
- Operating Systems:** Windows, Linux

CERTIFICATIONS & ACHIEVEMENTS

- Java Programming and Software Engineering Fundamentals - Udemy
- Oracle Certified Associate (OCA) Java SE Programmer - Coursera

EXTRACURRICULAR ACTIVITIES

- Coding Competitions: Participated in multiple online coding competitions on platforms like LeetCode and Codeforces.
- Developer Community: Active member of local developer meetups and online communities, including Stack Overflow and GitHub.
