PROFESSIONAL EXPERIENCE

Fintech Customer Support Analyst – PrimeRevenue – Atlanta, GA

April 2024 – Present

- Deliver frontline support to diverse B2B customers (Buyers, Suppliers, Funding Partners, Reseller Partners), across a SaaS based fintech platform ensuring prompt inquiry resolution and high client satisfaction.
- Continually lead a global Level 1 Support team managing over 650 cases per month while consistently exceeding SLAs and KPI targets.
- Leverage proprietary software and Salesforce to troubleshoot issues and maintain efficient communication across time zones.
- Collaborate with cross-functional business units, including Product, Engineering, and Marketing, to drive improvements and resolve platform-related concerns, contributing to the success of a supply chain finance SaaS environment.

Retirement Specialist (Temporary Role) – Prudential Financial – Atlanta, GA

September 2023 – April 2024

- Facilitated account transitions from Prudential to Empower, ensuring regulatory compliance and service continuity.
- Assisted in transitioning employer-sponsored retirement and pension plans by coordinating with internal stakeholders.
- Processed complex transactions, including roll-overs, withdrawals, and loans, while adhering to plan guidelines.
- Implemented customer-focused solutions to facilitate seamless transitions and enhance service delivery.

Technical Resolution Specialist – Realtor.com – Scottsdale, AZ

April 2022 – July 2023

- Provided technical assistance to realtor partners via phone, email, and Salesforce, ensuring timely issue resolution.
- Promoted to the technical resolution team in three months by meeting efficiency targets and resolving complex issues.
- Managed a high-volume case workflow independently, maintaining service quality and operational efficiency.
- Collaborated with engineering and internal teams using SQL and Jira to address and resolve SaaS platform issues.

Premium Fraud Specialist – American Express – Scottsdale, AZ

May 2021 – March 2022

- Contributed to fraud prevention by following established protocols to safeguard high-value cardholders and executives.
- Fostered strong client relationships by providing attentive customer service, addressing security concerns promptly.
- Navigated multiple systems to manage and resolve security-related issues while upholding quality service standards.
- Delivered empathetic support and assisted in identifying trends to inform improvements in fraud detection processes.

SKILLS

- **Analytical & Communication Skills:** Strong ability to analyze complex data and business processes; exceptional interpersonal skills, adept at conveying information clearly; proven track record of identifying issues and implementing effective solutions.
- **Operational Tools & Reporting:** Experienced running and distributing custom program and period-end reports; comfortable writing basic SQL queries; familiar with Salesforce for supplier onboarding and record maintenance.
- **Cross-Functional Support:** Experience working with multiple internal teams to resolve issues, streamline processes, and ensure timely follow-through on operational tasks.
