

With experience in clinical research, community outreach, and public health research, I have cultivated a keen interest in the integration and interoperability of clinical research, health information technology, and public health policy to address healthcare disparities and promote innovative and accessible healthcare solutions. innovation.

EDUCATION

Master of Public Health

Johns Hopkins Bloomberg School of Public Health

2019-2020

Graduate Certificate: Epidemiology for Public Health Professionals

MPH Capstone: Dysmenorrhea Management and Policies for Adolescents in the United States: Stakeholder Analysis

Bachelor of Arts, Neuroscience

University of Southern California

2010-2014

SKILLS

Public Health Policy

Public Health and Clinical Research

Epidemiology and Statistics

Stakeholder Analysis

Data Science and Visualization

Health Equity and Community Outreach

CERTIFICATES

Data Science Specialization, Johns Hopkins University (2025)

Skill: R

Health Informatics Specialization Johns Hopkins University (2025)

IBM Data Science Professional Certificate (2024)

Skill: Python, SQL

Business Analytics with Excel: Elementary to Advanced, Johns Hopkins University (2023)

Data Visualization with Tableau Specialization University of California, Davis (2022)

EZINNE AKUDINOBI

EXPERIENCE

Kelly Government Solutions

Scientific Program Analyst

February 2021-September 2022

Client: Fogarty International Center, U.S. National Institutes of Health (NIH)

- Co-authored peer-reviewed publications on global health research partnerships, grant programs, and bibliometrics
- Leveraged R and Excel to analyze global health research portfolio and provided data for briefing documents, presentations, and technical reports for senior staff and directors
- Advised academic institutions' researchers and the NIH on research methodology and scientific literature databases
- Delivered presentations on research results and bibliometric analysis to technical and non-technical audiences

Johns Hopkins University

Graduate Teaching Assistant

January 2020 - May 2020

Course: Research Methods in Public Health

- Led discussion session on public health research methods for 17 undergraduate students that complemented lectures
- Addressed students' questions about concepts taught during lectures, literature review drafts, and querying strategies for relevant publications in PubMed using the literature review framework
- Graded and provided feedback on assignments and literature reviews

Johns Hopkins University School of Medicine

Women's Health Product Development

October 2019 - December 2019

- Course: Medical Entrepreneurship: Bridging the Gap Between Research and Practice
- Developed a commercialization strategy for a medical device, gaining insights into the product and business development life cycle
- Created a presentation summarizing the go-to-market strategy for the medical device, which was presented to an expert panel
- Acquired knowledge about marketing principles for medical innovation while receiving expert guidance and support in medical entrepreneurship

Institutes for Behavior Resources (IBR) and Recovery Enhanced by Access to Comprehensive Health Services (REACH)

Health Policy Analysis- MPH Practicum

November 2019 -December 2019

- Co-authored a systematic review and fact sheet on balanced billing and mental health and substance use disorders services and parity laws in seven states.
- Summarized systematic review into PowerPoint slides and presented it to peers enrolled in Formulating Policy: Strategies and Systems of Policy-making in the 21st Century

Doctor Evidence

Clinical Data Associate

November 2016- June 2019

- Analyzed and extracted data from clinical research articles with various study designs and topics ranging from cardiology to oncology
- Applied systematic literature review framework to extract data and answer clients' research questions on the safety and efficacy of drug and non-drug treatments as well as clinical practice guidelines for research and market decisions
- Summarized results into tables and graphs for client presentations and systematic literature reviews
- Attended and contributed to weekly software development meetings

EZINNE AKUDINOBI

PUBLICATIONS

Akudinobi EA, Rietmeijer CA, Ndowa FJ, Kilmarx PH. Bibliometric Analysis of Authorship of Publications About Sub-Saharan Africa Published in the Journal Sexually Transmitted Diseases, 2011 to 2020. Sex Transm Dis. 2023 Sep 1;50(9):555-558. doi: 10.1097/OLQ.0000000000001808. Epub 2023 Mar 22. PMID: 36943809; PMCID: PMC10430671.

Akudinobi EA, Kilmarx PH. Bibliometric analysis of sub-Saharan African and US authorship in publications about sub-Saharan Africa funded by the Fogarty International Center, 2008-2020. BMJ Glob Health. 2022 Aug;7(8):e009466. doi: 10.1136/bmjgh-2022-009466. PMID: 35998980; PMCID: PMC9403115.

PRESENTATIONS

Introduction Bibliometrics Classes. Presentation: Bibliometrics Use Case Walkthrough. NIH Library. U.S. National Institutes of Health. September 2022.

Akudinobi, E.A. and Kilmarx, P.H. Bibliometric Analysis of U.S. and Sub-Saharan African Authorship in Fogarty International Center-funded Research about Sub-Saharan Africa, 2008-2020. Poster presented at Consortium of Universities for Global Health Conference 2022. March 2022

ACADEMIC SERVICE

I was invited by editors from the following science and medical journals to serve as a peer reviewer, where I reviewed research article submissions and provided detailed feedback to editors and authors on their scientific content:

- PLOS ONE (2024-present)
- BMJ, Global Health (2022)

AWARDS

Fogarty International Center (NIH) Merit Award December 2021
