## EXPERIENCE

---

### Tempus AI

Chicago, IL

*Clinical Laboratory Associate*

*Apr 2024 – Present*

- Maintained 100% adherence to HIPAA and CAP-accredited protocols while processing 200+ clinical samples weekly, ensuring regulatory compliance and patient data integrity.
- Reduced pre-analytical errors by 30% through systematic audits of LIMS/OPUS patient records, implementing corrective actions to minimize testing delays
- Provided insight and recommendations on SOP updates to align with privacy regulations and Good Laboratory Practices (GLP), enhancing compliance controls.
- Resolved Salesforce cases efficiently by deploying targeted fixes, minimizing testing delays while ensuring compliant and sustainable solutions

### Lurie Children's Hospital

Chicago, IL

*Clinical Laboratory Assistant*

*Jan 2022 – Jan 2024*

- Analyzed 200+ monthly EPIC reports to identify compliance gaps, providing actionable insights to stakeholders.
- Maintained 100% protocol compliance in Sunquest LIS for specimen tracking, ensuring accurate order entry and reporting.
- Trained 5+ staff members on data handling policies, emphasizing privacy standards and error prevention.
- Performed root cause analysis on discrepancies in EPIC reports, implementing corrective actions to ensure data accuracy.
- Trained 5+ new staff members, enhancing team productivity and ensuring adherence to protocols, policies, and standards.

### Endeavor Health Swedish Hospital

Chicago, IL

*Health System Management Intern*

*Jan 2021 – May 2021*

- Evaluated payer contracts (e.g., BCBS, Aetna) for alignment with privacy and regulatory requirements.
- Streamlined credentialing processes for 100+ physicians, improving operational efficiency and reducing delays.
- Identified and resolved 10+ contract implementation issues by collaborating with IT/claims teams to update provider information systems.
- Conducted benchmarking research on healthcare privacy trends to support leadership in resource allocation and policy updates
