Professional Experience

VISA, Remote, GA (February 2025 – Present)

Supplier Enablement Spend Analyst (SESA)

- Visa Consultant working closely with Citibank North America Supplier Enablement team.
- Visa Global Client Services converting supplier files to an appropriate format as needed (excel, csv), validate completeness, and resolve anomalies.
- Upload supplier files to SESA tool to further validate and resolve anomalies in the reports as needed.
- Provide summary analysis talking points and collate the reports into a presentation for account executives.
- Manage week-to-week communication with clients on supplier enablement campaigns.
- Consult with clients on supplier enablement strategies and supplier segmentation based on internal analysis.
- Communicate with bank internal stakeholders on client success metrics. Analyzing client annual spend and providing benchmark for suppliers & industry.
- Conduct individual outreach and dialogue with key strategic suppliers, as necessary.
- Continually increase your knowledge and understanding of client suppliers and commodities that accept virtual and commercial cards.
- Engage and coordinate relevant bank resources as needed to support the client. Implementing cross selling for B2B banking sectors.

FIS GLOBAL, Remote, GA (May 2024 – October 2024)

Implementation Conversation Analyst (Project Manager)

- Consultant working closely with FIS GLOBAL Client Migration Team (Report to Laura Philie). Implementing FIS solutions to change the way the world banks. Examining P1C data files, processes, forms, reports, and operational needs of FIS GLOBAL customers, to facilitate data mapping and system conversions.
- Implementation-Conversion Analyst assessing all P1C client needs. Carried out data analysis, product mapping, and client interviews to assess data requirements for software utilization. Performing tests to ensure new, customized software meets customer-specific needs.
- Transitioning/Converting credit union clients on P1C and implementing conversion for customers usage through their mobile app or online banking site. Enrolling over 500 credit unions to the Zelle platform.
- Coordinating and conducting readiness reviews to ensure conversion is proceeding correctly. Training customers on P1C & new banking systems and procedures. Strong analytical and problem-solving skills as well as excellent human relations, negotiation, and documentation skills.
- Wide latitude for independent judgment, guidance, and cross-training clients. Effectively communicates with all levels of technical and non-technical personnel. Exhibiting a detailed knowledge of specific applications and various learning experiences to build up an ever-growing knowledge base of the P1C system.
- Providing innovative alternative solutions to system challenges and brainstorming alternatives to a given problem. Aiding the development, documentation, and implementation of P1C standard guidelines.
