Pellissippi State Community College

Associate of Science – General Education Core Completed

Graduated *Cum Laude*, May 2023 | Dean's List (2x)

SKILLS & TECHNICAL PROFICIENCIES

- **Data & Operations:** Data validation, anomaly detection, healthcare data interpretation, EHR familiarity, HIPAA-aligned documentation
- **Stakeholder Collaboration:** Cross-functional teamwork, issue escalation, internal documentation coordination
- **Tools & Reporting:** Excel (VLOOKUP, pivot tables), MySQL, Tableau, Power BI, Visio, Word, PowerPoint
- **Programming & Web:** Python, HTML5, CSS, C++, GitHub
- **Cloud & Security:** AWS (EC2, IAM, CloudWatch), GCP (BigQuery, IAM), Azure (RBAC, Active Directory)
- **Productivity Platforms:** Microsoft 365 (Excel, Access, Outlook, Teams), Google Suite
- **Certifications (coursework completed):** AWS Cloud Practitioner, CompTIA Security+, CompTIA Cloud+
- **Security Eligibility:** U.S. Citizen eligible for Department of Energy and Department of Defense clearance

PROFESSIONAL EXPERIENCE

Quest Diagnostics – Medical Transport Specialist

Knoxville, TN | Apr. 2024 – Present

- Maintained transaction integrity by ensuring timely and compliant hand-offs across internal systems and departments
- Investigated delivery and documentation discrepancies to ensure accurate records and chain-of-custody compliance
- Independently managed route schedules, adapting to operational shifts while meeting time-sensitive delivery metrics

Independent Online Game Project – QA Tester & Documentation Analyst

Remote | Feb. 2018 – May 2020

- Logged issue reports and tracked errors to identify root causes and coordinate fixes with remote developers
- Developed system documentation to improve process clarity and reduce onboarding/training friction
- Used Lua-based scripting and manual testing to validate updates and maintain operational continuity

Walmart Spark – Driver / Courier

Knoxville, TN | Apr. 2021 – Mar. 2024

- Operated independently across dynamic delivery zones while resolving time-sensitive or access-based challenges
- Maintained secure handling and recordkeeping of items requiring chain-of-custody confirmation

PROJECT & TECHNICAL EXPOSURE

- **Healthcare Data Reporting:** Queried structured data in MySQL and visualized trends in Tableau/Power BI to inform decision-making
- **Python Scripting & Logs:** Wrote Python scripts to parse logs and flag anomalies; practiced structured error-handling and conditions
- **Compliance Documentation:** Created internal process diagrams and logs to support audit/compliance scenarios (e.g., HIPAA alignment)
- **Excel & Data Accuracy:** Cleaned data using advanced formulas and pivot tables to streamline reporting
- **Cloud & Admin Experience:** Managed IAM in AWS/GCP and maintained platform content through WordPress
