

Kaitlyn Nagel, Ph.D.

kaitlynnagelphd@gmail.com | 605-376-8740 | Sioux Falls, SD

PROFESSIONAL SUMMARY

Clinical Researcher with 7+ years of experience in program assessment, quality improvement, and data-driven investigations to improve healthcare delivery and equity across digital health and academic medical settings. Uniquely positioned at the intersection of data science and clinical care, offering deep insights into implementation science and justice-oriented frameworks to advance large-scale analytics projects. Proficient in SPSS, SQL, and R for data extraction, visualization, and interpretation. Demonstrated expertise in analyzing health outcomes, surfacing clinical quality performance trends, and translating complex findings into actionable insights for executive and clinical audiences.

SKILLS

- SQL | SPSS | R | Qualtrics | MatLab
- Implementation Science
- Experimental Design & Multivariate Statistics
- Cross-Functional Team Collaboration
- Health Equity Analytics & Program Evaluation
- Clinical Quality & Outcome Analysis
- Literature Review & Evidence Synthesis
- Diversity, Equity, Inclusion, & Belonging

ABBREVIATED PROFESSIONAL EXPERIENCE

Clinical Psychology Postdoctoral Fellow

Headspace (Remote) | August 2024 – Present

- Lead research projects measuring, evaluating, and disseminating outcomes for in-app guided programs, AI-driven companion tools, and direct care services.
- Conduct systematic literature reviews and competitive analysis to inform AI-driven care tools and ensure evidence-aligned product strategy.
- Create interactive data dashboards and reports for clinical, marketing, and product teams to surface outcomes and guide product development for users and providers.
- Manage clinical databases using SQL, SPSS, and Excel; support continuous improvement in data governance and cross-developmental workflows.
- Apply justice and equity frameworks to analyze provider and user outcomes in digital care delivery.

Clinical Psychology Intern

The Ohio State University Wexner Medical Center | Columbus, OH | June 2023 – June 2024

- Conducted multivariate statistical modeling (GLMs, longitudinal modeling) on health outcomes data to provide insights into psychological functioning and quality of life.
- Collaborated with multidisciplinary teams to interpret clinical findings and identify sociocultural factors that contribute to gaps in symptom presentation and access to care.
- Cleaned and validated large clinical datasets to support publication and program assessment efforts.
- Supported equity-focused implementation science efforts in mental health care delivery.

Graduate Research Assistant

Oklahoma State University | Stillwater, OK | August 2018 – August 2024

- Designed and implemented mixed-methods research studies on psychological functioning; led data preparation and validation across academic research.
- First and co-author on 15 peer-reviewed publications, contributing to study design, data interpretation, and clear scientific communication aligned with research goals.
- Conducted clinical research assessments emphasizing participation from diverse and underrepresented populations to increase awareness of racial and ethnic disparities in mental health diagnosis and treatment.
- Mentored junior researchers and coordinated data collection for in-lab and online studies, ensuring scientific rigor and compliance.
- Taught undergraduate Research Methods & Statistics with a focus on experimental design, data analysis, and SPSS proficiency.

EDUCATION

Oklahoma State University, Stillwater, OK

Doctor of Philosophy, Clinical Psychology (Quantitative Emphasis) – August 2024

Master of Science, Psychology – December 2021

University of Nebraska – Lincoln, Lincoln, NE

Bachelor of Arts, Psychology & Spanish – December 2017
