

SUMMARY

Manizha Abdul has 8 years of experience in financial management and project management. She has a strong understanding of financial program implementation across various industry sectors, including the government sector, the private sector, and non-governmental organizations. As a Budget Analyst, Manizha provided technical assistance to mission finance staff and the program management team on best practices for financial management systems to increase capacity and efficiency. Previously, she worked on privately funded projects by analyzing budgets and resolving financial and business operations matters. She supported a research study, delivered a stakeholder and risk analysis, and provided project financial recommendations. Additionally, she has created and delivered onboarding financial packages and various financial reports utilizing both quantitative and qualitative data.

EXPERIENCE
