

Priya Chandana M

Data Analyst

priyachandana.m@zohomail.com | 214-494-9885 | TX | [Linkdin](#)

SUMMARY

Data Analyst with 4+ years of experience designing scalable data pipelines, building analytics dashboards, and delivering data-driven insights across enterprise environments. expertise in SQL, Python, data modeling, and BI platforms, including Power BI and Tableau. Experienced in building automated ETL pipelines, optimizing SQL queries, and developing analytics solutions that support business decision-making and operational efficiency. Hands-on experience working with large datasets, implementing statistical analysis, and delivering interactive dashboards for stakeholders. Domain exposure encompasses healthcare data analytics, including EHR systems and HL7 integrations, while maintaining a strong focus on modern data engineering and analytics practices.

SKILLS

Programming & Query Languages: Python, SQL, R, SAS
Data Analysis & ML Libraries: Pandas, NumPy, SciPy, Scikit-learn, Statsmodels
Data Visualization & Reporting: Power BI, Tableau, Advanced Microsoft Excel
Data Engineering & Automation: ETL Pipeline Development, SQL Stored Procedures, Data Validation Frameworks, Query Optimization
Databases & Data Platforms: SQL Server, MySQL, Relational Data Warehousing
Cloud Platforms: AWS (Basic Exposure), Azure (Basic Exposure)
Healthcare Data Exposure: EHR Systems, Epic, Cerner, HL7 Integration, ICD-10, Claims Data
Methodologies: Agile Scrum, SDLC, Data Modeling, A/B Testing, Statistical Analysis
Compliance & Governance: HIPAA, GDPR, PHI Data Handling, Data Access Controls

EDUCATION

Master's in Health Informatics University of North Texas, Denton, Texas, USA	Dec 2024
Bachelor's In Pharmacy Acharya Nagaarjuna University, India	May 2019

EXPERIENCE

ServiceNow, TX | June 2024 – Current | Data Analyst

- Designed and maintained automated SQL and Python-based ETL pipelines to ingest and transform enterprise datasets, reducing manual data preparation effort by 40%.
- Developed interactive Power BI and Tableau dashboards to monitor operational metrics, system performance indicators, and business KPIs, enabling stakeholders to make faster data-driven decisions.
- Performed advanced data analysis using Python (Pandas, NumPy) and SQL to identify anomalies, optimize reporting logic, and improve analytical accuracy across multiple datasets.
- Built optimized relational data models in SQL Server, integrating multiple structured datasets, improving query performance, and enabling efficient analytical reporting.
- Automated recurring reporting workflows using Python scripts and SQL stored procedures, eliminating repetitive manual reporting tasks and improving reliability of analytics outputs.
- Implemented automated data quality validation checks and monitoring frameworks to ensure consistency, accuracy, and governance compliance across analytics workflows.
- Collaborated with product, engineering, and operations teams to translate business questions into analytical requirements and deliver actionable insights.

Orion Technolab, India | Jan 2020 – Dec 2022 | Data Analyst

- Delivered end-to-end analytical solutions by performing complex data cleaning, transformation, and feature engineering using Python, SQL, and Excel, increasing dataset reliability by 30%.
- Designed and deployed interactive Tableau and Power BI dashboards to track operational metrics and business KPIs, reducing executive reporting turnaround time from days to hours.
- Automated recurring analytics workflows using Python scripts and SQL stored procedures, eliminating 15+ hours of manual reporting effort per week.
- Implemented statistical testing and A/B experimentation frameworks to evaluate product feature performance and support product roadmap decisions.
- Optimized high-volume MySQL and SQL Server queries through indexing and query refactoring, improving data retrieval performance by up to 50%.
- Partnered with engineering, product, and operations teams to translate analytical findings into clear business recommendations and data-driven strategies.

CERTIFICATE

Certified SQL Developer
