EDUCATION

Macalester College

B.A. in Economics & Mathematics (GPA: 3.8/4.0)

Saint Paul, MN

Sept 2022 - May 2026

- **Coursework:** Empirical Finance, Mathematical Modeling, Econometrics, Finance, Micro & Macro Economics, Financial Accounting, Linear Algebra, Probability, Statistical Machine Learning, Data Science, Real Analysis.

EXPERIENCE

Economic Consulting Analyst Intern

Jun 2025 – Aug 2025

Analysis Group

Dallas, TX

- Conducted quantitative and qualitative analysis across 3+ antitrust and finance litigation cases using Excel and R, evaluating 100k+ rows of industry data, deposition records, and license agreements to support expert testimony.
- Built and audited 5+ financial and econometric models in Excel and R to analyze damages, pricing strategies, and competitive market structures.
- Streamlined data validation workflows, ensuring reproducibility and accuracy of expert reports under tight deadlines.
- Produced 3+ litigation exhibits and model-driven insights used by senior consultants and expert witnesses.

Advancement Operations Student Data Analyst

Aug 2024 – Present

Macalester College

Saint Paul, MN

- Cleaned and analyzed 50k+ donor and alumni records, building predictive engagement models in R and Excel.
- Designed segmentation algorithms that improved campaign targeting efficiency by 15%.
- Built Power BI dashboards to track KPIs, identify anomalies, and forecast engagement trends for administrative leadership.

Health Economics Teaching Assistant

Sep 2024 – May 2025

Macalester College

Saint Paul, MN

- Led weekly sessions teaching quantitative models to 30+ students, translating technical concepts into structured workflows and improving analytical accuracy.
- Provided one-on-one coaching and feedback to reinforce problem-solving approaches and reduce recurring analytical errors across assignments.

AI & Business Development Analyst Intern

May 2024 – Aug 2024

Ascendance

Saint Paul, MN

- Implemented LLM-based tools converting unstructured user inputs into structured written outputs for non-technical users, reducing manual drafting time.
- Designed and iterated prompt workflows using user feedback to improve output consistency, usability, and adoption.

PROJECTS

Macathon Innovation Competition (2nd Place)

Nov 2025

Macalester College

Saint Paul, MN

- Secured 2nd place among 30+ teams in a 24-hour competition by developing an AI-powered waste-sorting robot that improved material recovery accuracy and demonstrated scalable applications for municipal recycling systems.

Air Quality & Economic Mobility Research

May 2024 – Aug 2024

Harvard University

Cambridge, MA

- Modeled the causal impacts of PM2.5 on intergenerational mobility using panel regressions and IV estimation.
- Built reproducible pipelines in R and Stata for large-scale datasets and presented policy implications at the Federal Reserve.

Financial Analysis & Capital Budgeting

Jan 2024 – May 2024

Macalester College

Saint Paul, MN

- Built stochastic valuation models incorporating market benchmarks and risk simulations.
- Conducted sensitivity analyses on rental income and resale outcomes to recommend optimal property investments.

Personal Interests

- Macalester Soccer Club, Consulting & Investing Club, Music Production, African Music Ensemble

LEADERSHIP

Co-Chair, Afrika! Student Organization

May 2023 – May 2025

Macalester College

- Revitalized the Afrika! student organization post-COVID by rebuilding membership, reimagining cultural programming, and creating community initiatives that empowered African and international students to share culture and find support on campus.
- Oversaw 300+ attendee cultural events and led a 10-person executive team to deliver 2–3 high-impact programs per month.
