Specializes in financial modeling, data governance, and dashboard development with Power BI and Tableau. Demonstrated success in aligning business needs with data capabilities in Agile environments. Aiming to enhance analytical innovation and financial strategies in data-driven organizations.

EXPERIENCE

Business Analyst

Numeria Cpa Partners | RICHMOND, Virginia | May 2023 - Current

Executed comprehensive financial and data analysis to inform strategic decision-making.

- Collaborated with stakeholders to define KPIs and reporting requirements.
 - Developed interactive dashboards using Power BI and Tableau to visualize financial and operational trends.
 - Created complex SQL queries for data extraction, enhancing report accuracy and efficiency.
 - Implemented data quality monitoring practices, contributing to robust data governance initiatives.
 - Defined business terms and metadata to support improved data management.
 - Applied Lean methodology to reduce manual effort in financial processes by 30%.
- Participated in Agile sprints, delivering timely data-driven solutions.

- Collaborated closely with QA and development teams throughout the testing lifecycle to ensure high-quality product delivery.
- Translated business requirements into clear, testable use cases, and contributed to the development and execution of manual test cases.
- Documented test results, tracked and logged defects using JIRA, and supported timely defect resolution through cross-functional coordination.
- Facilitated User Acceptance Testing (UAT) sessions with business stakeholders, and maintained comprehensive requirement traceability matrices.
- Ensured alignment between test coverage and business objectives, contributing to risk mitigation, and enhanced user satisfaction.

Case Manager

Riverside Regional Jail | Prince George, VA | December 2020 - July 2024

- Managed financial and operational reporting for inmate programs, ensuring accurate KPI tracking and compliance oversight.
- Developed reporting templates that enhanced data collection accuracy and streamlined processes.
- Managed caseloads effectively, ensuring timely documentation and reporting.

Finance Manager

MJM Enterprises | Richmond, Virginia | March 2017 - December 2020

- Oversaw budgeting, variance analysis, and cash flow forecasting to enhance financial transparency.
